

Many Agencies Control California's ECE Programs

Programs

Note: This graphic shows the multiple agencies that administer state- and federally funded ECE programs in California. Administrative oversight includes setting regulations, allocating resources, managing contracts, and overseeing program quality, among other responsibilities. Administrators may, but do not always, provide funding. ECE programs (the colored lines shown in the key) may be offered by various kinds of local providers, some of whom offer multiple programs at a given time. Several other organizations, particularly First 5, resource and referral agencies, and QRIS consortia, also provide considerable support to providers and programs, although their role varies by county.
